We are going to need some help from ORC on this. Who is the SRF attorney in Region 2?

Subject: 320 estuary projects.

Judith,

Attached is our legal analysis in connection with the estuary projects we discussed. We submitted it to, and discussed it with, EPA's SRF staff in Washington DC because we believed it might present a question of national interpretation of Title VI of the Clean Water Act. EPA's SRF staff concurred in our analysis.

MD.
